- Manage portfolio of 125+ donors and prospects.
- Identify, cultivate and steward new prospects.
- Work with the Executive Director and Fonkoze USA to align efforts and set goals.
- Create and implement moves management plans, developing compelling engagement strategies to solicit and close gifts.
- Make direct, face-to-face solicitations and assist the board and other staff with their solicitation (e.g., provide portfolio development support, strategic counsel, and help with donor communications).
- Acknowledge major donors through public and private recognition.
- Track and report progress using specific metrics.

This job might be for you if

- You're a true people person with an outgoing nature. You're a self-starter and are driven by results.

- You have at least five years of nonprofit fundraising experience and have shown an ability to secure individual and major gifts and meet objectives. You make donors feel valued because you're sensitive to their needs.
- You are comfortable using a donor database, prospect research and other wealth screening tools to aid your moves management process.
- You can make and keep friends. You establish and maintain good working relationships throughout the organization and with outside constituencies.
- You have honed your writing and speaking skills and use them to compel individuals to action.
- You aren't someone who spends a lot of time in the weeds, but you know donors expect you to be organized, prepared, detail-oriented, and follow through on promises.
- People are inspired by your determination. You bring people in line with a vision and motivate them to reach goals.
